1 - Chemical Product and Company Identification

Manufacturer: WD-40 Company
Address: 1061 Cudahy Place (92110)
P.O. Box 80607
San Diego, California, USA
92138 –0607
Telephone: 1-888-324-7596
Emergency only: (PROZAR) 1-888-324-7596
Information: 1-888-324-7596

Chemical Name:
Trade Name: Carpet Fresh Powder
Product Use: Rug and Room Deodorizer
MSDS Date Of Preparation: November 10, 2005

See Section 8 for Exposure Limits

3 – Hazards Identification

Emergency Overview:
White Powder. Pleasant odor.

This product is not hazardous as defined by US OSHA, Canadian WHMIS, the US Consumer Products Safety Commission or the Canadian Chemicals and Containers Regulations. No MSDS is required for this product.

In using this product it is prudent to avoid eye contact and prolonged direct contact with skin and clothing. Wash hands after use.

Symptoms of Overexposure:
Inhalation: Excessive inhalation of dust may cause minor irritation of nose, throat and upper respiratory tract.
Skin Contact: Sensitive individuals may experience mild skin irritation on prolonged contact.
Eye Contact: Direct eye contact may cause mild irritation.
Ingestion: Swallowing large amounts may cause gastrointestinal irritation with nausea and diarrhea. This product has low oral acute toxicity.

Chronic Effects: None known.
Medical Conditions Aggravated by Exposure: Pre-existing respiratory, skin and eye disorder

Suspected Cancer Agent:
Yes  No  X

4 – First Aid Measures

Ingestion (Swallowed): Do not induce vomiting unless directed to do so by medical personnel. Call a physician, poison control center or the WD-40 Safety Hotline at 1-888-324-7596. Give one to two eight-ounce glasses of water to drink if the patient if conscious and responsive. Never give anything by mouth to an unconscious person.
Eye Contact: Flush eyes with plenty of water, lifting upper and lower eyelids occasionally. Get medical attention if irritation persists.
**Skin Contact:** First aid would not generally be required. Rinse off with water. Get medical attention if irritation develops and persists.

**Inhalation (Breathing):** First aid would not generally be required. If irritation is experienced, remove to fresh air. Get medical attention if irritation persists.

---

### 5 – Fire Fighting Measures

<tr>
<td>Flammable Limits:</td>
<td>Not flammable or combustible</td>
</tr>
<tr>
<td>Extinguishing Media:</td>
<td>Use any media that is appropriate for the surrounding fire.</td>
</tr>
</tbody>
</table>

---

### 6 – Accidental Release Measures

Wear suitable protective clothing if large amounts are involved. Sweep or vacuum up, avoid generating airborne dust. Place in an appropriate container for disposal.

---

### 7 – Handling and Storage

**Handling:** While this product is not hazardous, it is prudent to avoid getting in eyes or on skin and clothing. Avoid breathing dust. Wash hands after use.

**Storage:** No special storage required. Keep out of the reach of children.

---

### 8 – Exposure Controls/Personal Protection

**The Following Controls are Recommended for Normal Consumer Use of this Product**

**Engineering Controls:** Good general ventilation is adequate for normal use.

**Personal Protection:**

**Eye Protection:** Avoid eye contact.

**Skin Protection:** Avoid prolonged or repeated skin contact. Wash hands after use.

**Respiratory Protection:** None required.

**For Bulk Processing or Workplace Use the Following Controls are Recommended**

**Engineering Controls:** A system of local and/or general exhaust is recommended to control airborne levels and minimize the potential for irritation.

**Personal Protection:**

**Eye Protection:** Safety glasses with side shields or chemical goggles are recommended.

**Skin Protection:** Wear appropriate protective clothing and chemical-resistant gloves to avoid prolonged skin contact. Wash thoroughly after handling.

**Respiratory Protection:** Use in a well-ventilated area. Appropriate respiratory protection shall be worn when applied engineering controls are not adequate to protect against inhalation exposure.

**Work/Hygiene Practices:** Wash hands before eating and smoking.

---

### 10 – Stability and Reactivity

**Stability:** Stable under normal storage conditions.

**Hazardous Polymerization:** Will not occur
Conditions to Avoid: None.
Incompatibilities: Acids and bases.
Hazardous Decomposition Products: Heating to decomposition will yield oxides of sulfur and sodium.

11 – Toxicological Information
Product: LD50 oral rat >5000 mg/kg (based on a review of components)

12 – Ecological Information
This product is not expected to be harmful for the environment.

13 Disposal Considerations
Empty containers may be disposed of through normal waste management options. Dispose of all waste product and other materials in accordance with applicable Federal, state and local regulations.

14 – Transportation Information
DOT Classification: Not Regulated

15 – Regulatory Information
SARA 302: None
SARA 311/312 Hazard Categories: Not Hazardous
SARA 313: Toxic Chemicals: None

California Proposition 65: No components listed.

Canadian WHMIS Classification: Not a controlled substance.
This MSDS has been prepared according to the criteria of the Controlled Products Regulation (CPR) and the MSDS contains all of the information required by the CPR.

HMIS Hazard Rating: Health – 0 (minimal hazard), Fire Hazard – 0 (minimal hazard)
Reactivity – 0 (minimal hazard)

16 – Other Information:
This MSDS complies with OSHA guidelines set by 29 CFR 1910.1200 and the Canadian WHMIS regulations. The foregoing information has been compiled from sources believed to be accurate but is not warranted to be. Recipients are advised to confirm in advance of need that data is correct. Standards change without notice. It is the responsibility of the recipient to insure that their personnel have been notified of any changes which may affect them. The data provided on this MSDS are not meant to be used as specifications, only as guideline information as to the safe use of this product. User should refer to applicable laws before use.
