TYPE II SAFETY CANS

Cans feature **AccuFlow™** manifolds with **Safe-Squeeze®** triggers for the fastest, smoothest, and most controlled pouring available. Fill ports feature ergonomic lift levers for easy filling, while auto venting protects against pressure buildup. Stainless steel flame arresters also stop flashback ignitions. All cans include large ID zones to identify contents and a 9" hose. Meets OSHA 1910.106, NFPA Code 30, and are CARB compliant. FM approved, UL/ULC listed, and TÜV certified.
